## **DETAILED ACTION**

### ***Allowable Subject Matter***

1. The following is an examiner's statement of reasons for allowance:

Prior art of record fails to show or reasonably suggest during initialization using a registration message, establishing a service to be used at a later time and activating the deferred service to an active service.

Whereas prior art has shown that services can be activated by initialization the device to be active, and activating the service upon network resources. Prior art has failed to show or reasonably suggest activation/ deactivation of the deferred-inactive service at the request of the device requesting access to services, wherein the service is established during initialization, along with activating/ deactivating the service at the request of the user at a later time in combination with establishing a deferred service at initialization, configuring the device, associating the service to an identifier, and sending the identifier, as recited in the claims.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
